

TUNKERS-MASTECH
Motion in Automation.

TUNKERS[®]
Ingenuity in series.

March 8th, 2013

Dear Madams and Sirs,

Tunkers Incorporated and MasTech Manufacturing are proud to announce the formation of TUNKERS-MASTECH. The new TUNKERS-MASTECH combines the Know-How of both companies with many years of experience in the automotive industry - from power clamps, gripper systems and conveyors up to complete solutions for our customers' needs in factory automation. With a local manufacturing and design capacity TUNKERS-MASTECH understands itself not only as a sales organization, but as a fully operating production basis, which supports the North American automotive market.

Please continue to contact your current Tunkers, Inc. or MasTech Mfg. office for your needs. A visit to your facilities to introduce our expanding offerings will be personally arranged in the near future.

TUNKERS-MasTech is looking forward to providing your organization with our new and expanded offerings.

Best Regards,

Olaf Tuenkers
President
Tunkers, INC

David Boothe
President
Mastech Mfg.
